Minutes of regular Board meeting [May 13, 2024](#)

Attendance: Mark Logan, President  
Marsha Petry, Webmaster Kathy Lemuel, Bookkeeper  
Cheryl Pieper, Secretary Jim Green, Water System Manager

Absent: Bruce Prather, Vice-President  
Bill Reinhard, Treasurer

No regular citizens came.

**Call to Order** Mark Logan called the meeting to order at 7:01 p.m.

**Citizen Comment** none

**Secretary's Report** March\_11, 2024 Mark moved acceptance of the minutes, Marsha seconded and the motion passed.

**Financial Statements** These had been e-mailed to members for review before the meeting. Income exceeded expenses. A lien has been placed on the property of the delinquent account. It is the understanding of members that Jefferson County will inform the customer of this lien. Bills continue to be sent to overdue accounts even when the water has been turned off.

Marsha moved acceptance of the statements, Mark seconded and the motion passed.

**Operations Report** Presented by Jim Green

1. All customers will have working meters by the end of May, 2024.
2. The water pump at the plant that pulls water in from the main line has died. Jim will replace it with a more durable pump.
3. The chlorine meters are still limping along.
4. PFAS (Per- and Polyfluoroalkyl Substances): Jim has tracked down a place that will test BCWD finished water for PFAS. The company is Environmental U.S.A. in Holland, Michigan. The cost of testing is \$550. Jim is awaiting results.
5. Jim will send regular test results to Marsha for inclusion on the website. We decided to wait until our July meeting to review PFAS results and decide how best to inform our customers of what is found and what actions might need to be taken.

**Continuing Business**

Marsha has made an initial application/inquiry to SIPA. They are reviewing our district profile. It may be necessary to find out about compliance with PDPA (Personal Data Protection Act).

Once we are approved by SIPA we will notify customers on the bottom of each bill.

**Adjournment** 7:44 p.m.
